

'THE TUBEWORKS' FOR THE CONSTRUCTION INDUSTRY

FORMATUBE & PLASTITUBE CLASS 1 FINISH

- For round column construction.
- Speed and ease of handling.
 - Low cost.
- Water resistant plastic outer.
- New oil lined inner for easy stripping.
- Optional plastic insert for class 1 finish.
 - Bio-degradable.

COLUMNS

Formatube™ is specifically designed to form concrete columns. Its strength and versatility makes it light and simple to handle. It can also be combined with Plastitube™ to give you a class 1 finish.
